

Simboni Misiati Peter

Frontend Developer — Landing Pages & Small Websites

Portfolio: smp-developers.com · **Email:** info@smp-developers.com · **Phone / WhatsApp:** +254 706 289 514
Location: Nairobi, Kenya (remote, EAT / UTC+3 — daily overlap with EU & US-East) · **English:** Professional working proficiency (C1)

PROFILE

Frontend developer with **10+ years' experience and 100+ shipped projects** for 20+ clients, specialising in conversion-focused landing pages and small multi-page websites. I turn written briefs and designs into pixel-perfect, responsive, fast-loading sites using **HTML, CSS, JavaScript/TypeScript, React and Next.js with Tailwind CSS** — complete with clear hero sections and CTAs, semantic markup, on-page SEO, accessibility and strong Core Web Vitals. I work independently end-to-end (brief → build → launch → handover), and every site listed below is live in production.

TECHNICAL SKILLS

Core	HTML5 & semantic markup, CSS3 (Flexbox, Grid), JavaScript (ES6+), TypeScript, responsive mobile-first design
Frameworks	React 19, Next.js (App Router, SSG/static export), Laravel/Livewire, WordPress theme development
Styling	Tailwind CSS v4 (utility-first), design tokens & theming (light/dark), component systems, Figma/brief → code
Performance & SEO	Core Web Vitals, static export & image optimisation, meta & Open Graph tags, sitemaps, JSON-LD structured data
Accessibility	WCAG basics — semantic landmarks, ARIA, keyboard navigation, focus states, colour-contrast auditing
Integrations	Contact forms & email capture, booking/enquiry flows, WhatsApp click-to-chat, M-Pesa & payments, analytics setup
CMS & content	WordPress (Elementor, DIVI, Gutenberg, custom themes), typed/headless-style content models, Supabase, PostgreSQL
Tooling & deploy	Git & GitHub, CI pipelines, Vercel, Cloudflare Pages, Railway, Render, Fly.io, Docker

SELECTED WORK — LIVE LANDING PAGES & WEBSITES

Zuri Hotels & Resorts — hospitality multi-page site & enquiry funnel · zuriplaceresort.com

HTML/CSS/JS · Docker · Caddy · Railway

- Multi-page site (Home, Rooms, Facilities, Locations, Contact) for four properties across Kenya and Uganda, with booking-enquiry CTAs throughout.

COSDEP Kenya — NGO website with donation conversion paths · cosdepkenya.org

Next.js 16 · React 19 · TypeScript · Tailwind CSS v4

- Mission-first information architecture (Programmes, Projects, Get Involved) with a strong hero and prominent donate CTAs.
- Static export for speed and low hosting cost; SEO, Open Graph, sitemap and JSON-LD implemented for discoverability.

Canossian Sisters NE Africa — multi-country NGO website · canossiansistersneafrika.org

Next.js 16 · React 19 · TypeScript · Tailwind CSS v4

- Home, About, Ministries, Causes and Gallery pages driven by a typed content model the client's team can update.

Dr. Dennis Wamalwa — public-figure brand & campaign site · commrdrdenniswamalwa.co.ke

HTML/CSS/JS · Render

- Story-led landing experience with press archive, gallery, light/dark theme and “join the movement” sign-up CTAs.

Fit Generations Gym — small-business site · fitgenerationsgym.com / *Next.js 16 · React 19 · Tailwind CSS v4*

- Home, Classes & timetable, and membership pages with join/enquiry CTAs and photo-led hero sections.

Misiati & Associates — professional-services website · misiatiassociates.co.ke / *Next.js 16 · TypeScript · Tailwind CSS v4 · Cloudflare Pages*

- Classic small multi-page structure (Home, About, Services, Contact) with lead-capture contact flow.

- Talitha Kum International Kenya (RAHT)** — NGO network website · talithakumraht.org / *WordPress · PHP · responsive design*
- CMS-backed site for a national network of 40+ member institutes, with report/get-help and get-involved conversion paths.
- TallyPay** — fintech product landing & app · tallypay.co.ke / *Next.js 16 · TypeScript · Cloudflare D1 · M-Pesa*
- Product landing page with pricing and sign-up conversion flow, plus the authenticated product UI behind it.
- StackUp** — SaaS product & marketing site (own venture) · stackup.co.ke / *Next.js 15 · React 19 · NestJS · PostgreSQL · Capacitor*
- Marketing site plus a multi-tenant work-management product; one codebase serving web and mobile.

EXPERIENCE

Freelance Frontend / Web Developer 2015 – Present
Independent — clients across Kenya & remote

- Delivered 100+ landing pages, business websites and web applications for 20+ clients across NGO, hospitality, health, education, professional-services and political sectors.
- Own the full delivery cycle solo: requirements brief, information architecture, UI build, responsive QA, SEO/performance pass, deployment and client handover.
- Troubleshoot layout, performance and cross-browser/device issues independently under client deadlines.

Founder & Senior Developer 2023 – Present
SMP Developers — Nairobi, Kenya

- Lead development of websites, systems and mobile apps; coordinate creative and development collaborators to ship on schedule.
- Standardised a fast, accessible, SEO-ready Next.js + Tailwind delivery stack now used across all client sites.

Chairman & Director 2015 – Present
SMP Eventures Ltd — Kenya

- Lead a multi-disciplinary team turning client and internal product ideas into delivered projects.

Technology & Financial-Education Trainer 2022 – Present
eLearners Academy — Kenya

- Train youth nationwide in technology and financial literacy; built the learning tools and community platforms supporting the programme.

EDUCATION & CERTIFICATION

MSc, Software Engineering
Jomo Kenyatta University of Agriculture & Technology (JKUAT) · 2023 – 2025

Programming Certificate — Software & App Development
JKUAT · 2024 – Present

WordPress Development — Certification & Practice
Custom themes, Elementor, DIVI, Gutenberg · 2015 – 2025

Languages
English — professional working proficiency (C1) · Swahili — native

AVAILABILITY

Open to part-time freelance work, 10-20 hours per week, fully remote. Based in Nairobi (EAT / UTC+3) with reliable high-speed internet and a full-time overlap with European hours and US-East mornings. Comfortable working self-directed from written briefs with minimal supervision.
