

Simboni Misiati Peter

Web Designer — Digital Experience & UI Design

Portfolio: smp-developers.com · **Email:** info@smp-developers.com · **Phone / WhatsApp:** +254 706 289 514
Location: Nairobi, Kenya (remote, EAT / UTC+3 — daily overlap with EU & US-East) · **English:** Professional working proficiency (C1)

PROFILE

Web designer and designer-developer with **10+ years' experience and 100+ shipped digital experiences** for 20+ clients. I design interfaces *and* build them — which means my designs are always buildable, responsive and fast. My work covers **visual identity for the web, UI and layout design, information architecture, design systems and conversion-focused user journeys**, delivered as living products rather than static mockups. Every experience below was designed and implemented by me, and is live in production.

DESIGN SKILLS

UI & visual	Layout & composition, typography & type scales, colour systems, spacing rhythm, iconography, imagery direction, visual hierarchy
Design systems	Design tokens, reusable component libraries, multi-theme systems (light / dark / alt), consistent states & variants
UX & IA	Information architecture, navigation & mega-menu design, user journeys, conversion-focused hero/CTA design, content structure
Responsive Accessibility	Mobile-first design, fluid grids & breakpoints, cross-device and cross-browser refinement WCAG basics — colour-contrast auditing, focus states, keyboard navigation, semantic structure, readable type
Tools	Figma, Adobe Photoshop, Canva, Elementor & DIVI visual builders, Gutenberg
Implementation	HTML5, CSS3 (Flexbox, Grid, animation), Tailwind CSS v4, React, Next.js, WordPress custom themes
Brand & graphics	Logo & brand-mark work, social/ad creative, Open Graph & share cards, marketing collateral

SELECTED DESIGN WORK — LIVE

SMP Developers — portfolio & design system · smp-developers.com

Designed & built · Next.js 16 · Tailwind CSS v4 · design tokens

- Designed a complete design system from scratch: type scale, colour tokens, spacing rhythm and component library across every page.
- Three-theme system** (light, dark, midnight) driven by tokens, with a contrast sweep so every surface stays readable in all three.
- Designed a **mega-menu navigation** with categorised work and service panels, an editorial collapsible case-study index, and a partner logo marquee.

Canossian Sisters NE Africa — mission-led NGO experience · canossiansistersnefrica.org

Visual design · IA · build

- Designed a warm, dignified visual language around a “Loving without measure” hero, with ministries, causes and gallery sections structured for storytelling.
- Conversion-focused donate and get-involved journeys woven through the experience rather than bolted on.

Dr. Dennis Wamalwa — public-figure brand experience · commrdrdennismamalwa.co.ke

Brand direction · UI design · light/dark theming

- Established a warm, authoritative visual identity for a human-rights commissioner — palette, typography and photographic treatment.
- Designed a story-led journey (record → work → press → join the movement) with a full light/dark theme.

Talitha Kum International Kenya · talithakumraht.org / CMS-backed design

- Structured a national anti-trafficking network’s message around a clear four-part framework, with report/get-help and get-involved paths designed for urgency and clarity.

Zuri Hotels & Resorts — hospitality experience · zuriplaceresort.com / Multi-property IA · booking journey

- Designed the visual and navigational experience for four properties across two countries, with imagery-led rooms/facilities pages and enquiry CTAs throughout.

COSDEP Kenya · cosdepkenya.org / mission-first IA, donate journeys · **Fit Generations** · fitgenerationsgym.com / photo-led small-business design · **Misiati & Associates** · misiatiassociates.co.ke / professional-services identity

StackUp — product & application UI design · stackup.co.ke
Product design · dashboard & data UI

- Designed the product interface for a work-management SaaS — workspace dashboards, task boards, calendar/Gantt views and onboarding screens.

Brand & marketing collateral

Logo work · social & ad creative · share cards

- Produced brand marks, campaign ad creatives (square & story formats), capability cards and Open Graph share cards supporting client launches.

EXPERIENCE

Web & Digital Experience Designer — Freelance 2015 – Present
Independent — clients across Kenya & remote

- Designed and delivered 100+ websites and digital experiences for 20+ clients across NGO, hospitality, health, education, professional-services, political and startup sectors.
- Run the full design process solo: discovery and brief, information architecture, visual direction, UI design, responsive refinement, build and handover.
- Translate written briefs, brand guidelines and reference designs into distinctive, intentional interfaces — never generic templates.

Founder & Design Lead 2023 – Present
SMP Developers — Nairobi, Kenya

- Set the design direction for all studio output and coordinate creative collaborators; maintain the shared design system used across client work.

Chairman & Director 2015 – Present
SMP Eventures Ltd — Kenya

- Lead a multi-disciplinary creative and development team from concept through delivery.
