Websites & Systems

1 Business Website

from KES 60,000

about 1 week

For businesses, NGOs, professionals and public figures who need to be found and trusted.

- Custom design — not a template
- Up to 7 pages, mobile-first
- Admin dashboard — edit site & blog
- Free domain + hosting, 1 year
- SEO, Google & social share setup
- WhatsApp & enquiry forms
- Unlimited changes before launch
- Training and full handover

2 Website + Bookings & Payments

from KES 150,000

2–4 weeks

When the site should earn: take bookings and collect money directly, instead of paying commission.

- Everything in tier 1
- Live availability & online booking
- M-Pesa and/or card payments
- Automatic confirmations & receipts
- Customer records & order history
- Owner dashboard & reports
- E-commerce / product catalogue
- Staff logins & permissions

3 Custom Business System

from KES 400,000

from 6 weeks

The software your organisation runs on — POS, stock, lending, ticketing, billing, ERP.

- Built around how you actually work
- Point of sale & stock control
- Invoicing, receipts, M-Pesa collection
- Loans, savings & credit management
- Roles, permissions & audit log
- Works offline where it must
- Reports & owner dashboards
- Deployment, backups & staff training

Recent systems: a chemicals POS with full stock ledger and batch production · an M-Pesa lending platform with web and Android apps · a theatre ticketing platform with offline gate scanning.

How we work

Payment: 50% to start, 50% on launch. Systems (tier 3) are billed in agreed milestones.

Included always: a written scope before any money changes hands, unlimited revisions within that scope, full source-code and account handover, and training for your team. You own everything.

Not included: professional photography, copywriting, paid advertising budget, and third-party fees (payment-gateway charges, premium integrations) — quoted separately if you need them.

Next step: a free 20-minute call to scope what you need. You'll get a written quotation within three working days — fixed price, fixed timeline, no obligation.
